To Whom It May Concern:

It is with much enthusiasm that I recommend Ana Sercer for the role of Social Media Manager or position related to marketing tasks and duties.

I have worked with Ana for a short period as her manager at Blocktrade, where she was an excellent addition to our marketing team. With her advanced thinking, ideas and content creation skill, she adjusted to our technology emerging public very well in no time.

She got out Social Media channels to a higher level, and she was always prepared to step up and take care of things that weren't in her comfort zone. So I can say she is independent but an outstanding team worker.

Ana has my recommendation for any related position. I have no doubt she will adjust quickly and make a creative addition to your team. Please feel free to contact me if you have any questions regarding her candidacy or past work.

Sincerely,

Gasper Stih
